

English

Building on skills learnt in year 4, we will continue to develop the children's confidence with higher level features of writing such as complex sentences, use of synonyms and developing links and connections in and between paragraphs.

We will continue to learn and practice the spelling patterns and key words for Year 5 which includes plurals, prefixes and suffixes and silent letters.

You are expected to share a book with your child every day and sign their reading record daily. Your child's reading record will also be checked daily. We encourage you to take your child to the library and share books regularly with them.

Year 5 Autumn Topic Term Curriculum Map

School Trips

We hope to take part in the annual film festival. We have booked a visitor in relation to our history topic of Anglo Saxons. We have also booked to go to Millfield Theatre in December.

Class Assemblies

5D - Friday 21st September
5L - Friday 16th November

Homework

In line with the school's homework policy, children will be expected to read on a daily basis and be prepared to share their learning with the class.

Spellings

Handed out on Thursdays and tested the following Thursday.

Music

Singing
Accompanying with
rhythmic and melodic
patterns

PSHE

In PSHE the children will be focusing on our school values. They will also be looking at British Values and how to embed them into society.

Topic

In History, we will be learning about the Anglo Saxons.

Science

Our topic this half term is materials and their properties including how they change when heated and cooled.

PE

Pupils will be developing skills in dance and gymnastics. P.E days are Tuesday and Wednesday. Please ensure that your child has their PE kit in school every day.

Art/D&T

We will be focusing on developing the children's drawing skills using a range of stimuli and materials.

Maths

This term we will be continuing to develop confidence and fluency in mental calculations involving whole numbers, counting and place value.

Please help your child to learn and practise all of their times tables up to and including 12x. It is also essential that you encourage and support your child in learning the following key facts; Doubles and halves, number bonds including decimals and measure conversions.

Our half termly target is to divide any given number by 10,100 and 1000.
