16th December – Winter cake sale
18th December—**Last Day of term. School closes at 1:15pm**
4th January – Start of the spring term **– all children return to school.**

Welcome from Ms Panteli

As another busy and rewarding fortnight draws to a close, I would like to take a moment to reflect on all that has been happening across our school. It has been wonderful to see our children continuing to grow in confidence, embrace new learning opportunities and demonstrate our school values in their everyday actions. I am always incredibly proud of the enthusiasm, kindness and determination shown by our pupils, both in the classroom and beyond. A huge thank you, as always, to our dedicated staff team for their continued hard work and commitment and to our parents and carers for your ongoing support. The partnership between home and school is so important and together we can ensure that every child feels valued, supported and encouraged to achieve their very best. We encourage all our children to continue approaching each day with curiosity, positivity and a willingness to challenge themselves. I hope you enjoy reading about some of the fantastic things our children have been getting up to in this edition of our newsletter.

Attendance Matters!

Overall attendance for week ending 20th November **96.1%**

Attendance winner's 16th – 20th November

1st place – Y5 Blossom with 100%

2nd place – Y1 Jasmine with 99.67%

3rd place – Y6 Magnolia with 99.62%

Year 6 Football Tournament.

Year 6 girls played in their first ever football tournament. They did Southbury proud coming back with two losses, two draws and a win! Well done girls!

Our Value this half term is…

Patience

This half term, we will be exploring the value of patience and what it means to show patience towards ourselves and others. Patience is about understanding that not everything happens straight away; learning takes time, challenges require perseverance and everyone develops at their own pace. It is also about showing kindness, empathy and understanding when others make mistakes or need a little more time. Talk to your child about how they can demonstrate patience at home, at school and within the community.

Parent Survey

A huge thank you to everyone who took the time to complete the Parent Survey during Parents Evening week. Your support is really important and your opinion means a great deal to us. We will share some of our moving on points in our upcoming newsletters and what we are doing to improve in these areas. The results from the survey are below.

What you said: Q2 - My child feels safe at this school.
4% of the parents answered don't know and 1% disagree

What we did:

- As part of Children's Mental Health Week, teachers discussed with the children what feeling safe means and safe adults that they can trust.
- Our Safeguarding posters are displayed around the school and there is a copy attached to this newsletter.
- Senior Leadership team is on duty every morning and afternoon to ensure children arrive to school and leave safely.
- Gates are locked during the school day and the school can only be accessed with a key fob.

Children in Need.

Last week, we celebrated Children in Need. A huge thank you to everyone who donated money for the charity. We raised £157!

The London Children's Flower Society Award.

After completing our gardening project as part of after school club with the grant we received, we were invited to attend an awards ceremony last week to celebrate how amazing our school grounds look! They had a lovely time and met Alan Titchmarsh!

What have we been up to?

Nursery

The children enjoyed our story this week 'Whatever next' by Jill Murphy and thought about how they could help Baby Bear travel to the moon. They made rockets and needed to think of things they wanted to pack, not forgetting to put on their space helmets and boots like the story.

Reception

The children were surprised to find yesterday that some vegetables had been captured in our playground! Immediately they set about finding out who the culprit was. The children found footprints and some half-eaten orange in the playground and decided that it must have been a monster! Anthony said it was invisible! The children had an idea to make a trap to catch the monster.

Year 1

As part of our Science and Geography learning, Jasmine Class went on a fieldwork walk to the local park to explore the signs of autumn. The children became young geographers, observing their surroundings and collecting information about the seasonal changes they could see.

Year 2

This week, Year 2 continued their Computer Art topic by exploring pointillism, an art technique that uses small dots of colour to create pictures. The children then used Microsoft Paint to create their own wonderful pointillism-style drawings, experimenting with different colours and carefully placing dots to bring their artwork to life!

Year 3

In our Science lessons, Year 3 have been learning about the human body and the names of bones. The children had to locate and had a go at measuring their own bones.

Year 4

Year 4 enjoyed their science topic 'states of matter' investigating the melting point of different types of chocolate!

Year 5

Year 5 enjoyed investigating the effects of different surface materials on the amount of friction created. They used Newton Meters to measure the force.

Year 6

A special delivery for Year 6! Their leavers hoodies arrived and they have been very excited to finally wear them!

ADHD support

New Forest Parenting Programme

New Forest Parenting Program

A free 6-week parenting programme, available in person or online.

Support for parents and carers of children aged 3–5 with ADHD, or with needs commonly associated with ADHD.

Your child does not need a diagnosis for you to take part, and they may have other needs alongside this.

What to expect

These **interactive workshops** give you a non-judgemental space to learn practical ways to support your child, and to share experiences with other parents and carers.

What could you gain?

- Develop your understanding of ADHD and your child's individual needs
- Learn practical ways to support your child
- Build parenting confidence and reduce stress
- Strengthen your support network

When and where?

Starts	**Thursday 21 January 2027**
Times	**Choose one option.** Attend one session each week. Morning: 9:30–11:30am – **in person** Afternoon: 12:30–2:30pm – **in person** Afternoon: 12:30–2:30pm – **online**
Length	6 weekly sessions, with a half-term break during the week of 15 February
In-person venue	Ponders End Youth and Family Hub 141 South Street, Enfield, EN3 4PX
Online	Joining details will be provided before the programme starts.

On this occasion, the programme will be delivered in English.
Other languages will be considered for future dates.

How to express interest

Places are limited.

CLICK HERE to complete the expression of interest form

Prefer to phone? Call Matthew Tagg on **07458 010092**

Once you express interest, Matthew will contact you to discuss whether the programme is right for you and to answer any questions you may have.

FAMILY HUB

ENFIELD Council

WhatsApp is one of the most popular messaging apps in the world, with more than 1.5 billion people in more than 180 countries using it to send and receive text, photos, videos and documents, as well as make voice and video calls through an Internet or Wi-Fi connection. The free app offers end-to-end encryption, which means that messages can only be read by the sender and the recipient in one-to-one chats, or all members if it is a group chat. Not even WhatsApp can read them.

AGE RESTRICTION 16+

What parents need to know about WhatsApp

AGE LIMIT CHANGE

Since May 2018, the minimum age for using WhatsApp is 16 years old if you live in the European Union, including the UK. Prior to this, the minimum age was 13, which still applies for the rest of the world. WhatsApp has not yet stated whether it will take action against anyone aged between 13 and 16 who already hold accounts under the old terms and conditions, such as closing their account or seeking parental permission.

SCAM MESSAGES

Occasionally on WhatsApp, people receive spam messages from unauthorised third parties or from fraudsters pretending to offer prizes to 'lucky people,' encouraging recipients to click on a link to win a prize. A common scam involves messages warning recipients that their WhatsApp subscription has run out with the hope that people are duped into providing their payment details. Other scam messages include instructions to forward the message in return for a reward or gift from WhatsApp or another person.

FAKE NEWS AND HOAXES

WhatsApp has been linked to enabling the spread of dangerous viral rumours. In India, for example, a number of attacks appear to have been sparked by false rumours shared on WhatsApp.

THE 'ONLY ADMIN' FEATURE AND CYBERBULLYING

Cyberbullying is the act of sending threatening or taunting text messages, voice messages, pictures and videos, with the aim to hurt and humiliate the receiver. The group chat and group video call features are great for multiple people to chat simultaneously, but there is the potential for people to hurt others with their comments or jokes. The 'only admin' feature gives the admin of a group chat greater control over who can send messages. Whilst this can be good for one-way announcements, the group admin has the power to block somebody from responding to an offensive message in a chat, which could result in a child being upset and unable to reply.

CONNECTING WITH STRANGERS

To start a chat in WhatsApp, you need to know the mobile number of the contact you want to speak to and they also need to have the app downloaded. WhatsApp can find contacts by accessing the address book of a device and recognising which of those contacts are using WhatsApp. If your child has shared their mobile number with some- body they don't know, they can use it to get in touch via WhatsApp.

LIVE LOCATION SHARING

WhatsApp's 'Live Location' feature enables users to share their current location in real time to their contacts in a chat, allowing friends to show their movements. The feature, which can be found by pressing the 'attach' button, is described by WhatsApp as a "simple and secure way to let people know where you are." Location-sharing is already a common feature on other social apps, including Snapchat's Snap Map and Facebook Messenger and can be a useful way for a child to let loved ones know they are safe. However, if your child is in a group chat with people they do not know, they will be exposing their location.

National Online Safety

Top Tips for Parents

CREATE A SAFE PROFILE

Even though somebody would need your child's phone number to add them as a contact, as an extra security measure we suggest altering their profile settings to control who can see their profile photo and status. The options to choose from are 'Everyone,' 'My Contacts' and 'Nobody.' We suggest selecting 'My Contacts' or 'Nobody' to ensure their profile is protected.

EXPLAIN HOW TO BLOCK PEOPLE

If your child has received spam or offensive messages, calls or attachments from a contact, they should block them. Messages and status updates sent by a blocked contact will not show up on the phone and will stay undelivered. Blocking someone will not remove this contact from the contact list – they will need to be removed from the phone's address book. To block a contact, your child needs to open the person's chat stream and tap on the settings.

REPORT SCAM MESSAGES

Advise your child not to tap, share or forward any message that looks suspicious or sounds too good to be true. When your child receives a message from an unknown number for the first time, they will be given the option to report the number as spam directly inside the chat. They can also report a contact or a group as spam using the following steps: 1) Open the chat. 2)Tap on the contact or group name to open their profile information. 3) Scroll to the bottom and tap 'Report Spam.'

LEAVE A GROUP

If your child is part of a group chat that makes them feel uncomfortable or has been added to a group they don't want to be part of, use the group's settings to show them how to leave. If someone exits a group, the admin can add them back in once. If they leave again, they cannot be added again.

USING LIVE LOCATION SAFELY

If your child needs to use the 'Live Location' feature to share with you or a friend, advise them to only share it for the amount of time they need to. WhatsApp gives the options of either 15 minutes, one hour or eight hours. However, your child can choose to stop sharing at any time.

DELETE ACCIDENTAL MESSAGES

If your child has sent a message to the wrong chat or if a message they sent has contained a mistake, they can delete it. To do this, simply tap and hold on the message, choose 'Delete' and then 'Delete for everyone.' The app allows seven minutes to delete the message after it has been sent, but it is important to remember that recipients may have seen and screenshot a message before it was deleted.

SET TIME LIMITS

A 2017 study found that by the age of 14 the average child will have sent more than 35,000 texts, 30,000 WhatsApp messages and racked up more than three solid weeks of video chat. Although it is inevitable that your child will use technology, you can still set boundaries. This is not easy, especially since teens use their devices for both schoolwork and free time, often simultaneously.

Build a Stronger, More Secure Relationship with Your Child

FREE 8-session Circle of Security™ Parenting for parents and carers of children aged 4 months to 5 years

Circle of Security™ Parenting (COSP) helps you to understand your Child's emotions and needs, so you can respond with confidence, warmth, and calm.

What is Circle of Security™ Parenting?

It is a supportive evidence-based group programme that helps parents and caregivers better understand children's emotions, behaviour and need for connection.

This programme can help you:

- Strengthen your connection with your child
- Understand your child's emotional cues and behaviours
- Build a more secure and resilient relationship
- Feel more confident and calm in your parenting
- Meet other parents/caregivers and share experiences

A gentle approach to parenting that is

- not about blaming parents/caregivers or "fixing" children.
- about helping you notice what your child needs and how you can support them.

Who is it for? Enfield Fathers, Mothers & Carers of children 4 months to 5 years

SKILLS FOR LIFE
SKILLS BOOTCAMPS

strengthening families strengthening communities

Programme for Parents/Carers

Strengthening Families, Strengthening Communities (SFSC) is a 13-week inclusive evidence-based parenting programme for all parents and carers of children aged 0-18.

The programme will help parents/carers think about how their experiences, culture, upbringing, and family background have influenced their parenting style.

It will also help parents/carers answer some important parenting questions, such as:

- How do I build a better relationship with my child?
- How can I motivate my child to try their best at school?
- How do I encourage my teenager to make better decisions?
- How do I put boundaries in place with my child?
- How do I connect with the wider communities and services in my area?

Who is it for? All parents/carers of any ethnic and faith background

How long? 13 weeks - each week you attend a 3-hour session in person

Programme ends with a certificate award ceremony

How to Book? Strengthening Families, Strengthening Communities Programme or scan QR code
