1p

Section 2

Harry has 3 marbles.

Jack has 2 more marbles
than Harry.

How many marbles does
Jack have?

5 marbles

Section 3

Fill in the missing numbers.

Section 4

Put a circle around the
longest pencil.

Section 5

Mia has 6 apples.

She shares them equally with
her friend Lily.

How many do they have each?

3 apples

Section 6

Add together the number of
sides.

7

Section 7

How many bees are there
altogether?

Count in 2s.

6 bees

Section 8

$$6 - 1 = 5$$

$$8 - 1 = 7$$

Year 1 Autumn 2 Maths Activity Mat 5

Section 1

The toys are now half price.
How much are they now?

Section 2

Harry has 13 marbles.
Jack has 4 more marbles than Harry.
How many marbles does Jack have?

Section 3

Fill in the missing numbers.

Section 4

Put a circle around the shortest pencil.

Section 5

Mia has 10 apples.
She shares them equally with her friend Lily.
How many do they have each?

Section 6

Add together the number of sides.

Section 7

How many bees are there altogether?
Count in 2s.

Section 8

$$14 - 1 = \square$$

$$16 - 1 = \square$$

Section 1

The toys are now half price.
How much are they now?

5p

6p

4p

Section 2

Harry has 13 marbles.

Jack has 4 more marbles than Harry.

How many marbles does Jack have?

17 marbles

Section 3

Fill in the missing numbers.

Section 4

Put a circle around the shortest pencil.

Section 5

Mia has 10 apples.

She shares them equally with her friend Lily.

How many do they have each?

5 apples

Section 6

Add together the number of sides.

8

Section 7

How many bees are there altogether?

Count in 2s.

8 bees

Section 8

$$14 - 1 = 13$$

$$16 - 1 = 15$$

Year 1 Autumn 2 Maths Activity Mat 5

Section 1

The toys are now half price.
How much are they now?

Section 2

Harry has 15 marbles.
Jack has 3 more marbles than Harry.
How many marbles does Jack have?

Section 3

Fill in the missing numbers.

Section 4

Draw 2 pencils.
Make one pencil longer than the other.

Section 5

Mia has 16 apples.
She shares them equally with her friend Lily.
How many do they have each?

Section 6

Add together the number of sides.

Section 7

How many bees are there altogether?

Count in 2s.

Section 8

$$19 - 1 = \square$$

$$17 - 1 = \square$$

Section 1

The toys are now half price.
How much are they now?

7p 8p 10p

Section 2

Harry has 15 marbles.
Jack has 3 more marbles than Harry.
How many marbles does Jack have?

18 marbles

Section 3

Fill in the missing numbers.

Section 4

Draw 2 pencils.
Make one pencil longer than the other.

Two pencils, one shorter than the other.

Section 5
