

Ash's Lazy Day

10 Today was a hot day here in Africa. I spent
19 the day lying fast asleep on the soft sand.
29 I could feel the sun on my fur and thick,
37 wavy mane. I could hear the cubs playing
45 on the rocks. They were pouncing on the
52 chirping insects and trying to catch them
62 all. I went to the watering hole for a drink
72 of cool water in the afternoon. I kept an eye
80 out for dangerous snakes hiding in the green,
90 wavy grass. I then went back to the shade for
99 another rest. I was just drifting off when I
104 heard a strange hissing sound...
