

All About Autumn

9 Autumn, also known as fall, is a magical season
19 when the weather starts to cool down. Leaves on trees
28 change colour to beautiful shades of red, orange and
38 yellow before falling to the ground. It's a great time
49 to jump into leaf piles and enjoy the crisp, fresh air.
58 Some animals, such as squirrels, gather nuts to prepare
67 for winter and some birds migrate to warmer places.
75 People often celebrate with fun activities, such as
83 pumpkin carving, apple picking and Halloween. It's also
92 the season for cosy sweaters and warm drinks, such
103 as hot chocolate. Autumn is a beautiful time of year to
109 enjoy nature and have fun outside!
